

July 22, 1909

TINA DUGLAS

Tina Douglas was twenty-eight years old--Born the 28th of June 1881, Died July 8th 1909 at 4:15 a. m., in Oregon, having moved there just recently. She was the oldest of the children in the family and well known in this vicinity. She taught four terms of school and was also a teacher of music. One sister and three brothers passed to the great beyond ahead of her--Zina, Rue, Ray and Roy, making in all five children; only two more are living, Ina and Nina.

The family were among the very early residents of this county, and maintained their home at Putney up to two years ago.

Our readers are familiar with the frequent calls of death at this home, and now comes news of the eldest daughter, who appeared the picture of health when they left here for the coast. The Independent is not informed as to the cause of her death.

The sympathy of all who knew the family in their long residence near Putney will go to them in their far away home in this latest bereavement which has befallen them.
